MEMORANDUM FOR: Deputy Director for Intelligence  
National Intelligence Officer for Strategic Programs  
Director of Scientific and Weapons Research  
Deputy Director of Scientific and Weapons Research

FROM: Director of Central Intelligence

SUBJECT: MX Basing

I went through the work that we've done and have had ☐ do on Dense Pack. During November it is likely that a decision will have to be made on MX Basing and we will have to get our judgments on the ability of the Soviets to react to Dense Pack with and without a further protection by missile defense, in clear judgments comprehensible to non-experts at the NSC. Will you start working on this promptly.
